“ Imbuing *empathy and perspective* through 11 years' experience in UX design, UI development . ”

## CAREER OBJECTIVE

Insightful, result-driven professional with 11 years' of UI development experience in client side technology, cross platform solution, hybrid mobile apps for large utility-based projects. Experienced team-management skills in software development phases, including requirement gathering, creative UX design, and hands-on front end development. An enthusiastic concept learner, problem solver at heart and strives to deliver the most effective solutions by updated tool - technology, seamless collaboration with team under project deadlines, strong communication with stakeholders.

## EXPERIENCE

**Secure meters Limited**, A utility based CMMI 3 MNC Company

### Senior UX Engineer (April 2020 to present)

- Lead UX designer team and requirement executives for high-end design as per the client's requirements to define features, modules, Information Architecture, mockups, wireframe and prototypes. Received 95% positive feedback from clients for completed projects 10% before deadlines.
- Boosted UX scores by 25% above average for the company.
- Successfully developed front pages using *HTML, CSS, JQuery, and Angular* aligned with prototype for backend developers.
- 100% fixed problem reported by testing team for UI issues in existing code using *chrome developer debugger tools*.
- Effective presentation for proactive report status at regular meeting, agile task log, tasks allocation and collaborative communication with project manager and developers.

### UX developer (April 2018- March 2020)

- Delivered creative wireframes and low-fidelity prototypes to showcase the design and functionality of pages for SAMAST and the Punjab GAS utility web portals & mobile app for field user.
- Directs internal and external collaborators on UI/UX best practices and code standards in *Jquery/CSS plugins/ Angular* material components to ensure the standard delivery.

## SKILL SET

### Programming

HTML5	★★★★☆
CSS3	★★★★☆
Angular 8	★★★★☆
Bootstrap4	★★★★☆
Jquery 3.0	★★★★☆
Java script ES5/6	★★★★☆
JSON/ Ajax	★★★★☆
SCSS	★★★★☆
Cordova 5.0	★★★★☆
PHP 6.0	★★★★☆

### Tool

Photoshop CS6	★★★★☆
Adobe XD 44.0	★★★★☆
Just in mind 8.0	★★★★☆
VS code 1.8	★★★★☆

### User experience design

User research | Persona

Wire-frame | Lo-fi/Hi-fi proto

### Design skill

Responsive web / mobile

Multimedia (Audio/video)

Graphics / Animation

Art & hand drawing
